

Excel Mounting Hardware

Features

- Choice of design
- Labelling field
- Compatible with Excel faceplates
- Suitable for use with Category 5e, Category 6 and category 6a Keystone jacks

Product Overview

A range of plastic mounting options are available to suit the Excel toolless and keystone jacks. In addition to the standard flat Euromod – 50x25mm and 6c – 22.5x37mm – is the recommended angled shutter. Available in the standard Euromod cut out size, this housing is designed to assist in the installation of large diameter cables. The design presents the keystone at 45 degrees to both the solid conductor cable being terminated, and the RJ45 patch cable to be connected to the installed socket. This design optimises the space available and ensure a minimal if any stress is applied to the cables during installation or use.
